

The Lizard Canary Association

## Membership Application Form

The Lizard Canary Association (LCA) was formed in 1945, the first national society to cater for the world's oldest breed of canary. The minutes of the inaugural meeting confirmed that its founding fathers were "*determined to keep the Lizard true to type*". That principle has been upheld to this day.

In order to protect the integrity of the traditional Lizard canary, the LCA recognises only the true-bred Lizard. It does not recognise birds that possess alien genes introduced by cross-breeding the Lizard with other breeds or colours. The LCA welcomes new members who appreciate the classic Lizard's unique qualities, and want to play a part in conserving this ancient breed.

The membership year runs from 1st October to 30th September. Membership subscriptions are currently £12 per person per annum.
