Exhibitor Declaration

The LCA will not permit any participant entry unless they have completed this declaration. By signing below, I confirm that I will meet and comply with the following requirements:

1. I have read, understood and will follow the biosecurity advice and information provided by the LCA prior to the gathering.
2. I have health checked my birds prior to the event and confirm that to the best of my knowledge all birds entered do not show any signs of illness, infection lethargy or abnormal behaviour and have not been in contact with any notifiable avian disease.
3. I confirm that all cages, carry boxes/bags and equipment have been thoroughly cleaned and disinfected before being brought to the gathering, and will be cleaned and disinfected again after leaving.
4. I have provided my CPH (or URN number) of the premises of origin of the birds entered and confirm that the birds do not originate from or have been kept on any premises subject to restrictions under avian influenza legislation or any notifiable avian disease control zone including Protection Zones, Temporary Control Zones, Temporary Movement Restriction Zones, Low Pathogenic Avian Influenza Restricted Zones.
5. I confirm that the premises of origin for all birds entered (including CPH numbers) are registered on the Kept Bird Register (for England and Wales or the Scottish Kept Bird Register for Scotland and evidence of such registration can be provided on request.
6. I understand that in the extremely unlikely circumstances of concern for a notifiable disease at the event, or a local outbreak occurring, I will be informed that APHA have been notified and advised that birds should remain at the venue until such time that APHA give instructions to take birds home. This could mean leaving birds in-situ and travelling home whilst testing takes place and the venue is in quarantine. Once APHA arrive and serve notice, we all follow their instructions by law.
7. I understand that the event organisers will have a plan in place to feed and water the birds if this unlikely situation ever occurred as it could be for several days duration. Arrangement would be made to then return birds once the all clear was given.
8. Under GDPR I consent to my information being stored by the Licensee for 3 months and shared by the Licensee with DEFRA APHA or the Local Authority should it be requested by any of them in dealing with a notifiable disease.
9. I agree to abide by the show rules and regulations.
